

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Original) A chewable composition comprising a chewable base and an odor absorbing agent.
2. (Original) A chewable composition according to Claim 1, wherein the odor absorbing agent is selected from the group consisting of zeolite-based material, silica-based material, uncomplexed cyclodextrin and derivative, carbon-based odor-absorbing agent and mixture thereof.
3. (Original) A chewable composition according to Claim 2, wherein said odor absorbing agent is a zeolite-based material alone or cyclodextrin or derivative alone.
4. (Original) A chewable composition according to Claim 2, wherein the odor absorbing agent is a mixture of cyclodextrin or derivative thereof together with either silica-, zeolite-based material, and/or carbon-based odor absorbing agent, or a mixture of zeolite-based material together with silica- and/or carbon-based material.
5. (Original) A chewable composition according to Claim 1, wherein the odor absorbing agent is a mixture of (a) a first odor absorbing agent selected from the group consisting of zeolite-based material, silica-based material, uncomplexed cyclodextrin and derivative thereof, and carbon-based odor absorbing material, together with (b) a second odor absorbing agent selected from the group consisting of zeolite-based material, silica-based material, uncomplexed cyclodextrin and derivative thereof, and carbon-based odor absorbing material, provided (a) and (b) belong to two different chemical classes of odor absorbing agents, preferably at a weight ratio of (a) to (b) of from 1:5 to 5:1.
6. (Original) A chewable composition according to Claim 5, wherein (a) is a zeolite-based material and (b) is a silica-based material.

7. (Currently Amended) A chewable composition according to ~~any of the preceding claims which is preferably a chewing gum composition comprising such~~ claim 1 which comprises an odor absorbing agent or mixture thereof at a level from about 1 to about 70% by weight of the total composition.
8. (Canceled)
9. (Currently Amended) A chewable composition according to ~~Claim 7~~ claim 1, which comprises from about 10% to about 90% of ~~chewing gum~~ chewable base by weight of the total composition.
10. (Currently Amended) A chewable composition according to ~~any of the preceding claims 1 to 6~~ claim 1, which further comprises a cyclodextrin/active inclusion complex, ~~preferably a cyclodextrin/flavoring agent inclusion complex.~~
11. (Canceled)
12. (Currently Amended) A chewable composition according to Claim 10, which is ~~preferably a chewing gum composition, comprising~~ comprises from about 0.01% to about 10%, of cyclodextrin/flavoring agent inclusion complex by weight of the total composition.
13. (Original) A chewable composition according to Claim 11, which comprises from about 0.01% to about 10%, of cyclodextrin/flavoring agent inclusion complex by weight of the total composition.
14. (Cancelled)
